

2Create Plus

Elevate Your Output With the 2Create Plus 3D Metal Printer

More output and more power – for outstanding quality and cost-efficiency in large-scale production.

Technical Data

Process:	Powder Bed Fusion
Build Volume:	150 × 150 × 100 mm
Powder Reservoir:	150 × 150 × 200 mm
Coater:	Linear Coater
Inert Gas:	Nitrogen/Argon
Layer Thickness:	20 µm-80 µm
Weight:	450 kg
Dimensions (W × D × H):	720 × 860 × 1790 mm

Main Advantages

- + Precision
- + Versatility
- + Cost-Effective
- + High Productivity
